

To my fellow Central Committee members from Gary Schmidt:

I am a candidate for WCRCC vice-chair. Current leadership wants to run the entire Washoe County Republican Party with a small group of elitists that have no transparency and no interest in communicating with or consulting with the CC members. They have tried to lock out all challengers from a fair and balanced election process. I will see that no CC member is silenced or ignored. We all have something to contribute. Please give me a call at 775-622-4670 and tell me what is on your mind and what your thoughts are. You can review my political positions and background as well as my resume at my web site from last year when I ran for the state senate. [Reformnevadapolitics.com](http://Reformnevadapolitics.com)

Thank You.
